

Dear Hiring Manager,

I am writing to express my interest in cybersecurity opportunities within your organization.

I have built a strong foundation in networking and cybersecurity through hands-on learning, practical labs, and professional certifications in Cyber Security, Networking Basics, Ethical Hacking, Endpoint Security, Threat Management, and Network Defense. I am currently advancing my skills by studying Cisco CCNA, Cisco CyberOps, Microsoft Azure Security, and Penetration Testing.

Alongside my technical learning, I am developing a GitHub portfolio where I document networking labs, cybersecurity projects, and practical exercises. I enjoy solving security challenges, learning new technologies, and continuously improving my technical abilities.

I am eager to contribute to your team, expand my practical experience, and grow as a cybersecurity professional. Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to your organization.

Sincerely,

Zainab Ijaz
